## DRAMATISTS STAGING ONE-ACT COMEDIES

An Evening of Comedy will be presented by the drama department Monday, May 13, at 8:15 p.m., in the Catalina High School auditorium. The program will consist of four one-act plays: "Sunday Costs Five Pesos," by J. Negle, "Murder Is Fun," "The Girls Must Talk," and "Gooseberry Tarts."

### BEV 1st CHS COTTON MAID

Beverly Zeidler, senior, has been chosen as Catalina's candidate for the Junior Maid of Cotton contest. She was judged on poise, personality, speaking ability, figure and general appearance.

Judges were Ted Offret, commercial photographer; Miss Dorothy Kalil, reporter for The Arizona Daily Star; Mrs. Genivive Brown

Wright and Miss D. Farine-Taron, social studies teacher at Catalina. Contestants for the title besides Beverly were Gail Spaulding, Beverly Birt, Pat Dorris, Marlene Glad, Mary Massarotti, Gaeel Morrison, Mary Beth Wheeler, Nancy Woodruff, Jil Gilmore and Carolyn Roettger.

## PERFORMING ARTS SET PLAY, DANCE MAY 8-10

By Pat Swanson

May 8, 9, and 10, the Vocal Music Department including the Mixed Ensemble and A Cappella Choir, Dardanaire Dancers, the Orchestra, and the Art Department combine their talents to present the first annual Spring Concert at CHS.

Included in the concert are a dance program given by the Dardanaire Dancers, under the direction of Miss Virginia Robinson, and the operetta, "Down in the Valley," presented by the Vocal Music Department under the direction of Harold Porter and assisted by the orchestra under the baton of Thomas Burges.

"Down in the Valley," a one-act operetta by Kurt Weill, portrays the story of a young boy, who, in defending his sweetheart kills a man and lands in jail.

Double cast as Brack Weaver, the young boy, are Terry Anderson and Bob Lewallen. Joan Schantz and Sally Webb share the role of Jennie Parsons, his sweetheart. Villain, Thomas Bouche, is portrayed by Ray Foust and Gerald Murrow.

The dance program features seven interpretive dances by the Dardanaire Dancers.

Student director-producer and ex-officio member of all committees is Betsy Frederick. Dance directors for the dances include Treva Turner, Barbara Bird, Joyce Boswell, Carolyn Buntin, Diane Nasby, Brenda Dickerson and Chris White.

Members of the Art Department who designed costumes for both parts of the concert are Judi Dovale, Virginia Schwartzmann, Diana Page, Mari Helen Hopkins, Vicky Verity, Helen Barnes and Kathleen Fee.

"Sunday Costs Five Pesos" is a love story which takes place in Mexico. There is a fine for fighting on Sunday which controls the emotions of the lovers and their friends. Frances Archer is cast as the young girl in love, and James Whitaker is the young man whose affections are involved. Dolores Lichty, Barbara Smith, and Carol Cox are the friends who help the lovers over the hurdles of love.

In "Murder Is Fun," the audience becomes part of the play because it is asked to help solve the crime—the murder of a well-known tin-pan alley song writer.

Have you ever wondered what went on inside the head of the man in a store window? Anita Tipton, Shay Thompson, Marjorie Kaler and Dorothy Garr are the lovely models. Kay McMillan and Barbara Gibbons are the window dressers. Peggy Kirk will act as the narrator for the group.

"Gooseberry Tarts," the last selection for the evening, is the play offered by the advanced group in drama. It received the superior rating at the Arizona Speech and Drama Festival held March 30 at the University of Arizona. The plot tells of a plain girl who outwits a cutie for the hand of her heart's desire. "Gooseberry Tarts," as a play, is one of the best one-act dramas of the year 1952.

## SMITHE, YOUNG VIE

### All's Fair In Love and Politics???

"If elected I promise . . ." says candidate for Student Federation President Kirk Young while his opponent, Kirby Smithe, conducts a more subtle campaign by pinning his own poster on Kirk's back. These two will vie for the school's highest office on May 7. "May the best man win."

Photo by Dave Severson

## GIRLS JOIN TO INSTALL EXECUTIVES

At a joint supper meeting held in the cafeteria Tuesday evening, Catalina and Tucson High Girls' Leagues installed their officers for the coming year.

Presiding at the joint installation ceremonies were Beverly Ziedler, Catalina's outgoing president, and Wilma Clark, Tucson High's outgoing president.

Installed were Sue Pooler, president; Barbara Callaway, vice-president; and Judy Helm, secretary. Executive council members, chosen by the senior council members and Mrs. Myrtle Brown, advisor, are Ruth Lubbers and Pam Morris, publicity; Chris White and Mary Lou Doolen, friendship; Margie Tench and Emily Kittle, girls social hour; Cathy Burneo and Mary Helen Richardson, program; and Nancy Angel and Darlene James, service. The three executive officers were presented with State Girls' League pins by Mrs. Brown.

The three newly elected executive officers of Catalina's League, Sue Pooler, Barbara Callaway and

## Torch Discloses '58 Co-Editors

"Torch" editors for the 1957-58 school year have been named by members of this year's annual staff and Robert Dawson, advisor.

Heading the staff as co-editors-in-chief will be Lynn Vanerka and Susan Carruth. Under Lynn and Susan, Margie Tench will edit all art work and Ford Burkhart will serve as sports editor.

The remainder of the editorial board, assistants, and staff will be selected from students enrolled in next year's publications class.

Editors this year were Diane Nasby, editor-in-chief; Ray Foust, assistant editor; Karen Matthews, art; Helen Thompson, classes; Linda Frye, activities; Gaeel Morrison, student life; Nancy Walker, typing; Twila Kohler, ad layout; and Eddie Guerrero, distribution editor.

Judy Helm, will leave tomorrow with Mrs. Brown and present president Beverly Zeidler for California. There they will attend the Arizona-California Convention of Girls' Leagues meeting in San Diego May 4.

## 62 Campaigning For Top Offices In Final Election

By Judy Robinson

Amid the flurry of campaign speeches and posters, candidates were chosen Tuesday for the final Student Federation elections May 7.

Vying for the head position of Student Federation President are Kirby Smithe and Kirk Young, while Judy Hodge and Bob Snedden are battling it out for veep.

Doolen

Hodge

Running for the office of secretary are Deanna Comello and Mary Lou Doolen.

Among the hopefuls for senior class officers are Alan Curiel and Bill Mower for president, and Karen Mitton, Lynne Vanerka, veep. Brenda Dickerson and Ruth Ann Lubbers are the candidates for secretary.

Included in the running for senior representative are Sally Anderson, Barbara Callaway, George

Snedden

Camella

Campbell, Judy Helm, Quinta O'Neill, Sue Pooler, Delores Strassburger and Bob Wallace. Sally Cline, Mike Glendening, Ellyn Knapp, Ricky Lemmon, Thelma McKinney and Susie Rowe are contesting for junior justice.

Houston Gilbert is opposing Jay Kittle for junior class president. Competing for veep are Hal Landon and Barbara Voss, while Judy Maynard and Mary Helen Richardson are the candidates for secretary. Running for council are Jo Ann Branham, Ford Burkhart, Jim Cogwell, Dave Giles, Pam Morris, Thelma Taylor, Margie Tench and Betty Jo Feldhacker. Candidates for justice include Ann Eve Kimble, Gaila Crotts, Virginia Poole and Jim Sakrisson.

Neal Genda and Bob Gaylord are rivals for sophomore class president. Campaigning for veep are Diane Jeffries and Jane Flickinger, with Emily Kittle and Jane Mills running for secretary. In the race for council are Judy Allen, Ann Baksa, Edith Catlin, Wallis Jacobus, Steve Miles, Patty Frye, Gerry LaBelle, Betty Renfro. Candidates for sophomore justice include Janet Ayers, Betty Pratt, Darlene James and Cynthia Monroe.

## SENIORS PLACE IN STATE TEST

Ann Buckwalter and Stephenie Stigers, both Catalina seniors, have received \$500 and \$100 scholarships, respectively, in the AFL-CIO contest.

## Down In the Valley

At left Garold Murrow, Bob Lewallen and Joan Schantz rehearse a scene from "Down in the Valley" while Sally Webb and Terry Anderson look on, deliberating on how they will play the same parts. In photo on the right, deciding on a costume for the

## Vote Yes!

In the general election of May 7 the student federation will be confronted with a number of amendments to the constitution which we think deserved being endorsed.

The first of these amendments concerns the date of the student federation elections. On this matter the constitution now reads:

"Final elections to the student council shall be held on the first Tuesday of May of each school year other than representatives of the Freshman Class which shall be held on the first Tuesday of October. The primary elections shall be held one week before the final elections."

The proposed amendment states:

"Primary elections for Student Federation offices shall be held the first Tuesday in April. Final elections shall be held one week after primary elections. Primary elections for Student Council and class officers shall be held the last Tuesday in April. Final elections shall be held the first Tuesday in May. Freshman elections will remain as stated in the Constitution."

The next amendment presented for endorsement by the student federation concerns the division of the office of Student Federation Secretary into two separate offices. The constitution now states:

"The executive officers of the Student Federation shall be president, vice-president, secretary-treasurer."

The proposed amendment reads:

"The executive officers of the Student Federation shall be president, vice-president, corresponding secretary and recording secretary."

The constitution now states:

"The student council shall consist of four members elected from each class and the executive officers of the Student Federation."

The proposed amendment states:

"The student council shall consist of four members elected from each class and the four executive officers of the Student Federation."

Considering all points of view on these preceding amendments, we feel they should be endorsed by the student federation.

## Our Privilege

For individual rights and opportunities, the United States has no equal. High school students in the United States enjoy luxuries known only to the richest in other countries. In no other country can a person put himself through school and have such great opportunities to better himself.

It must have been in the hands of the Divine Power that you were born an American, and you have the obligation to prove that you can make full use of that grand chance.

You have to stray beyond the borders of the straight and narrow to appreciate fully its standards of living, for U. S. standards equal luxuries reserved for the rich in other countries.

## Future 'Einstein' Lassos Honors; Looks To MIT

You would think anyone possessing so much intelligence would have to be a "square" to accommodate it all — but he isn't! He's fun from the word "go" — eager, alert, and alive!

That's George Bedell — native Tucsonian, born March 6, 1940, whose hair is brown "when clean," he says, and whose eyes are blue, but "not brilliant."

George is the top-

ranking science student at CHS and will receive a plaque for this at graduation, one of the four finalists for a national scholarship and was honored with a National Merit Award. He is also a charter member of National Honor Society and served as a speaker at the recent NHS initiation, is president of the Math Club, was MC at the Dear Season Dance, and finalist for graduation speaker. He is active in intramural sports, Bi-Chem-Phy, CHS's Election Committee, carries six solids with a 1.0555 average, making him third in the senior class. Brains, George has them, with the kind of dynamic vitality that will carry him far in his chosen career! He favors Massachusetts Institute of Technology because it offers the best in engineering.

Steak is George's favorite food, though he isn't "particularly particular as long as the substance is edible." He refuses to commit himself in regard to his favorite reading matter. "It might ruin my reputation!" is his statement, which could lead one to wonder just what George reads!

## Side Splitters

The distinguished reception committee of Harvard University searched in vain for Sir Walter Raleigh, descendant of the famous personage in English and American history, due for a course of lectures at Harvard. Missing him at the train, the delegation searched the waiting rooms. They spied an impressive looking gentleman and the chairman accosted him.

"Pardon me, are you Sir Walter Raleigh?" he asked.

"Thunder, no! he answered with emphasis. 'I'm Christopher Columbus. Sir Walter is in the next room playing cards with Queen Elizabeth."

A teacher brought a copy of his final exam to be mimeographed. His secretary looked it over and said, "But Sir, this is the same exam you gave last semester."

"I know," said the teacher, "but I've changed the answers."

And then one day she turned and saw that he was smiling at her! She smiled back at him! No, he didn't turn away, he didn't disappear—he looked at her more intently than before!

"Smile like that again," he said. She blushed and dimpled. And he laughed and laughed.

"Just as I thought," he said. "You look like a chipmunk."

## 'Fats' Matthews Dances Mambo, Loses Crinolines

Born April 29, 1939, in Long Beach, California (now known as Short Creek), is Court Recorder Karen Matthews. Auburn haired (but brown without a rinse) Karen

says her most exciting moment was "playing ping pong with Elvis at Palm Springs" but her biggest thrill was being named DeMolay Sweetheart.

Among Karen's "hobbies" are collecting bottle tops, drawing, writing and doing the mambo.

Her activities include Art Editor of the Torch, Senior Representative for Dardanaires, Secretary of Art Honor Society, Treasurer of her Rainbow Assembly, and Publicity Chairman for Honor Service. Last year she served as a Junior Guard and was a member of the Junior Cabinet.

Other favorites are the color blue, peanut butter, shrimp tacos, the song "All Shook Up," and singer Harry Belafonte. On an afterthought she adds "kitty cats and boyssss."

"Fats" says her most embarrassing moment was losing her crinolines during passing period. Attractive Karen also states that her pet peeve is insincere people.

In the future Karen looks to becoming an author and visiting the Polynesian Islands.

Currently she is practicing for her starring role in the Capers. "Fats" works diligently toward her big "performance"—cast as a scrub woman.

## Tidbits

It seems to me that everything is happening at once! Most important is the general elections that are coming up. Make sure that you vote even if you don't do anything for the rest of the year. We have a swell list of candidates which makes it even more important for every vote counts.

**A must is the Spring Program held May 8 through 10. Given by the Performing Arts Department it will consist of a dance program as well as an operetta. Anticipate a lot of good entertainment well worth your time and money.**

Another important event will be the four one-act plays to be presented May 13. Under the direction of Nick Liveratoes the plays will range from comedy to drama. Plan to attend this event even though it is on a school night.

**Another show that will provide the utmost in "Top Notch" entertainment is the Senior Capers. This "great" production will run May 16 and 17. If you are economy minded this is the one to attend for the price is only 50 cents per person.**

Immediately following the Capers will be the annual signing dance given by the "Torch" staff May 18. It will save you a lot of time and energy to go to the dance equipped with pen and ink to sign your friends' annuals instead of sitting in the halls and getting trampled. Just hope that the annuals get here on time.

Allen

## P & T's Philosophy

By Phelan and Turner

Siamese kittens frolic and jump  
But sometimes they trip  
And land on their backs.

... These jokes are about as funny as a rubber crutch.

Confucius says . . . "Well, what my Confucius will say is censored."

New best seller by teacher — "Grades of Wrath."

A wolf with a line you could hang your Monday wash on. . . .

The height of bad luck — seasickness and lockjaw.

Most boys don't wash their hair — they just change the oil.

Wealthy Texan speaking of son: I gave him a Cadillac for Christmas so I wouldn't have anything to wrap.

If silence was golden, a lot of people we know would go bankrupt.

A man is found with 20 holes in his chest — smart detective concludes he has been beaten to death by a donut.

Old woman to niece: Such traffic, we drove five hours a mile!

## Record Roundup!

By Eddie Guerrero and Rita Robinson

**Marianne** is at it again! This time it is a completely new song done in R&B style by Ray Charles on the Atlantic label. Mickey and Sylvia, recent guests on the Steve Allen show, have a new release entitled **There Oughta Be A Law**. To date the record is really selling.

A newcomer to the recording world is TV star Ricky Nelson of the Ozzie and Harriet show. A few weeks ago Ricky sang **I'm Walkin'** on their TV show and now by popular demand he has recorded it for the Verve label. Here's hoping Ricky is as successful in the recording business as he has been on television.

Jim Lowe's **Talkin' To The Blues** on Dot is very likely to be a top tune in the next few weeks. The "Cinderella" spectacular has produced a hit record in **Do I Love You** which Vic Damone has the top selling version. **Do I Love You** ranks 28 across the country in popularity. To the nostalgic **SENIORS** we dedicate Sarah Vaughn's new record **April Give Me One More Day**. The **Proposal** by Norman Luboff is a cute novelty tune in the Spanish vein.

**April In Paris** by Charlie Parker is also a new album release. The selections include **I'll Remember April** and **April In Paris**.

# TOURNEY SPOT CINCHED; YUMA FALLS

## The Sideline

By Kirby Smithe

FAR TOO MANY students tear down the minor sport apparently for no reason at all. Perhaps it is due to a mild jealousy or a lack of understanding or knowledge of the sport.

All of us that are not blessed with the physique to play right tackle or run the 440 should encourage minor sports and build them up by participating in them.

We live in a democracy—therefore everyone should be given the opportunity to do something constructive that they can excel in. Instead of taking away from them the "big man on campus" should encourage them for the simple reason, "Mighty oaks from little acorns grow."

SINCE THERE is not as much physical competition in many of the minor sports it is ideal for the average student who would certainly like to participate in a sport.

If you are one of these students you should talk to the minor sport coaches and make arrangements to try out for a sport next year whether it's rifle, golf, tennis, fencing, intramural, or checkers.

NEEDED — a freshman who is considering writing sports next fall. There is a lot of room for advancement, a lot of fun, and quantities of valuable experience to be had in sports writing.

Try to go to all of the University Week athletic events that you can to back the Trojan squads participating.

## Sport Faces

By Dave Haslam

TO BE ABLE to play major league baseball with the Detroit Tigers is an ambition of Marty Eaton, one of the mainstays on Catalina's baseball team.

Marty was born in Detroit 18 years ago. The 5'10" senior has played baseball the last two years for Catalina and one year before on the Tucson High Cub team. He is good scholastically with a two average as well as being a top athlete.

BECAUSE OF his tremendous hitting, Marty has been instrumental in many baseball victories. His triple in the eighth inning of the Salpointe game, which tied the score, helped win the game. Marty's current batting average is .383 and last summer in American Legion ball he hit .560, which is good in anyone's book.

When asked about the future, Marty stated that he hopes to go into the Navy after high school. He may stay in the Navy for a career or he may go to the U of A after getting out of the service. At any rate, Marty says that he plans to continue playing baseball and someday hopes to make the grade in professional baseball.

Bon Richardson jumps 22 feet 3 inches against Pueblo. The meet turned into an 80-33 upset in favor of the Trojans whose coach, Gale Bell, used a

defeat prediction to his advantage. Southern Division Championships are next on the CHS slate.

## TROJAN SPORTS

MAY 2, 1957

PAGE THREE

## South Meet Friday At UA

By Burton Berlowe

TOMORROW, Friday, May 3, the Catalina Trojan track team will vie in the Southern District Meet to be held at the University of Arizona at 7:30 p.m. The trials will be at 10:00 a.m. at the Cherry Street Field.

In their last meet Catalina captured all but four events in romping to an easy 80-33 victory over the Pueblo Warriors in a dual meet at Pueblo.

The southsiders were able to emerge victorious in the 440-yard dash as Hunter of the Warriors defeated Bon Richardson, take first and second places in the discus, and win the 880-yard relay.

ANGRIS ALEXANDER soared 6

feet 5 inches in the high jump to defeat two Trojan contenders. Aside from this Gale Bell's cinder-men had little trouble notching the win as they ran away with most of the other events taking all three places in the 120-yard low hurdles, the shot, and the 100-yard dash.

In the 100, Jim Mansfield sped the distance in 10.1 and in the broad jump Bon Richardson leaped 22 feet 3 inches.

In a junior varsity meet between the two schools, the Warriors trounced the little Trojans 65-48.

## Netters Notch Two Wins Over Miami, 5-2, 7-0

TERRY CLARK, Larry Rodish and Nathan Foster led the way to a 5-2 downing of Miami winning their singles position. The victory was number two in as many starts against Miami.

In the doubles, netters Nick Tenec and Terry Clark, Larry Rodish and Bob King made the match a CHS shoo-in by winning decisive victories.

IN ANOTHER encounter between the two schools, the Trojans won all matches to sweep to a 7-0 shut out.

In the second match Miami won two singles to give them their two matches for the day.

Blessed are they who run round in circles for they shall be known as wheels.

## GOLFERS AWAIT TOURNEY

By Dave Bilgray

AFTER TAKING wins at the hands of Douglas and Safford, Catalina's golfing Trojans are girding themselves for the Biltmore golf tournament in Phoenix Saturday.

Jim Sakrison was medalist for Catalina in both matches, shooting 86 against Douglas and falling to an 89 against Safford last week.

The Douglas match came fairly easily for the Trojans, as they walloped their opponents, 13-2. Sakrison and Fred Hutchison were the only Catalina golfers to yield any points to their opponents.

If you have any plans for participating in a sport next year keep it in mind while registering. You might also discuss your plans with the head coach in that sport if you have not already done so or did not play last season.

IN THE SAFFORD match, Duane Schiefelbein and Sakrison lost their matches, 3-0, but the rest of the team won theirs by the same score, and the Trojans won, 9-6. Both matches were held at El Rio Country Club.

Hopes are high among the players for the Biltmore tourney. In the statewide high school tourney during University Week next week, the Trojans hope to place in the top five. The average score for the entire team has been cut down about five strokes and the top five golfers are averaging between 86 and 90.

The 23rd of May will be our last, biggest, and best issue of the TROJAN TRUMPETEER. There will be two sports pages giving a complete summary of all athletic activities and records to date.

The TRUMPETEER has published fifteen issues this year and all but one have had two or more pretty girls on the front page.

## Nogales Is Last Game

By Bill Carroll

WITH ONE GAME remaining on its schedule, the Catalina baseball nine has won a spot in the Class AA state tournament. The Trojans' 12-5 record of last week end is good enough for second place in the southern division behind Tucson's champions. Catalina may improve its record when they play Nogales this week in the last game of the season.

The Tucson game was set for April 30 (after press time), and was a completion of the tie game played on March 15. That game was called because of darkness at the end of ten innings.

CATALINA'S SECOND game with Tucson ended with the Trojans on the wrong end of a 6-0 score. Ray Gazik yielded only eight hits in a losing cause. The Trojan batters collected just five hits off Tucson pitcher Gil Munoz. Two of these hits were by Marty Eaton. Errors and walks hurt the Trojan cause.

AMPHITHEATER'S Panthers provided no opposition as the Catalina nine exploded for a 15-5 win. Chuck Giles and Jim Newlin of Catalina allowed only three Panther safeties. CHS batters pounded out 13 hits. Giles was credited with the winning of a game which included ten errors.

Catalina's Marty Eaton belted a run-scoring triple in the eighth frame to tie Salpointe, 5-5. He later scored to give the Trojans a 6-5 win. Ray Gazik and reliever Jim Newlin limited the Lancers to six hits while the Trojan batters got the same number of hits.

TRAVELING to Yuma, Catalina edged the Criminals, 4-2. The contest eliminated Yuma from the state tournament and entered the Trojans.

Pitcher Ray Gazik gave up only six hits during the seven innings he worked. Relief pitcher Jim Newlin allowed no hits in two innings.

Catcher Floyd Watson hit four for four and one RBI to lead the CHS offensive that collected 14 hits. Jack Allen hit the longest ball of the afternoon, a double in the first frame. Ray Phipps led the losing Crims with two triples.

Marty Eaton, who leads CHS hitters with an approximate .380 average, has hit safely in every game this season with the exception of the Camelback contest.

## Gym Team Goes to ASC For Clinic

Catalina's gymnastic team attended the second annual Gymnastic Clinic sponsored by the Arizona State College at Tempe last Saturday. Other schools attending were Washington, Phoenix Union, Tucson, Pueblo, and Sunnyslope.

Highlighting the event was a Czechoslovakian Olympic team and decathlon man who demonstrated the use of the high bar.

The clinic consists of various experts giving advice to the gymnasts of the several schools in the state and the showing of films.

Extensive research reveals that there are approximately 90,650 tiny holes in the TRUMPETEER office ceiling.

## Senior Skits, Dances Seek OK For May 16, 17 Capers

By Marcia Phelan

Senior Capers skits and dances are now being auditioned for eligibility in the Capers performances, May 16-17. Some 25 events are in the process of being reviewed for approval by Mr. Gridley and various faculty members.

Gael Morrison, general chairman of the Senior Capers,

is eagerly looking forward to the event and urges more "seniors to get acts together" so the Capers will be representative of the entire Senior Class. Appointed by the Senior Advisory Board to work with them on the senior show are Carole Creager, ushers; Jim Smith, posters; Joe Moats, PA system; and Carolyn Roettger, publicity.

**Scheduled to appear in the two** Capers shows are various acts from juggling to an all boys' rendition of "Hernando's Hideaway."

A chorus line routine to the instrumental "Rockaway" is planned by a group of girls, although the costumes and theme are a secret.

**Special numbers scheduled are** a group of calypso songs, vocalized by Darlene Harbort and Joann King. Catalina's fire twirling baton experts—Paulette Lindloff and Janet Thompson—have planned a twirling routine to "Fire-fly."

Popular TV shows are also being revised by several senior groups; these include the \$69,000 Question, starring Bill Gaylord, Jim Seal, George Bedell, Mac Greeley, and Bon Richardson. An entertaining take-off on the "Medic" will take place, also during the Capers; Didi Fathauer, spokesman for this group, hints the skit "just might be a psychological melodrama and features a dramatic scene in the operation room."

**Singing groups also are expected** to add much entertainment to the Senior Capers. A "dramatic" quartet is scheduled to feature Bill Seal, Jim Silverman, Jim Seal and Phil Rodi. An all-girl act to "I'm Gonna Wash That Man Right Out of My Hair," will be sung by Jackie Stevenson.

All dance selections are being planned by Jon Lightfoot and Treva Turner to Charleston music and an interpretative dance done by Betsy Frederick.

Tickets are going on sale at the bookstore shortly. The price is \$1 for adults and 50 cents for students.

## HSS INITIATION WELCOMES 60

The Honor Service Society held two initiations during the month of April, inducting some sixty new members. Those students fulfilling the initiation requirement of 25 hours of service were initiated.

The group's next service project is working on the City of Hope Drive, Saturday, May 11. Members of Honor Service will sell tags on downtown street corners and in suburban areas. Over thirty members volunteered their time to represent Catalina in this city-wide high-school backed drive.

At the last meeting members wishing to run for the various offices of the club next year were urged to submit their names to the nominating committee. The committee, composed of the three senior officers, will meet at a later date to set up a slate of officers to be voted on by the Honor Service Society at its May meeting.

## Clubs

**Future Nurses** — Election of officers at the final meeting May 14 in SE 102 at 3:50 p.m. Plans will be made for the annual spring party, also.

**Future Homemakers of America** — Plans for the installation of officers and degree awards will be made at the regular meeting May 3. April 26, 27 the state leadership conference for state and district officers was held in Tempe.

**Catalina Youth Fellowship**—May 4 the group will go to the Rescue Mission and put on a program. Miss Audrey Salzer, club sponsor, will be the speaker at the regular meeting May 8. May 11 a picnic is planned.

## New All Steel Stadium Opens In 2 Weeks

Catalina's facilities continue to expand as the all-steel stadium rises on the western campus.

Facing the track and football field the stands will seat 2,000 people. Plans to enclose the stands and provide locker and shower

space for 200 have been postponed until next fall. According to present information from Hank Egbert, dean of boys, the structure will be complete in about two weeks and the grass should be in sometime next month.

# Crafts Exhibited May 3, 4

## Crafty Craft Students Show Skill

Above are examples of the type of sheet metal and woodwork projects that may be found on exhibition at the 4th Annual Industrial Display. Photo by Graphic Arts

## Classes Show Industrial Arts Yearly Projects

By Barbara Bird

Industrial projects of all types will be exhibited May 3 and 4 as the Tucson public schools present their 4th Annual Industrial Display in the Tucson High cafeteria.

**The display will run from 7 p.m. to 9 p.m. Friday, May 3, and from 7 a.m. to 9 p.m. Thursday, May 4.** Everyone is invited to attend. No admission will be charged.

Door prizes constructed by various industrial art classes will be awarded. Among these will be a coffee table built by the Catalina welding class. It is presently on exhibition inside the main door. Other articles of furniture and photo albums are also included among the door prizes.

**The projects on display will represent** work of about 3,000 students in grades 7 through 12 enrolled in industrial art classes. These classes include woodworking, graphic arts, sheet metal, machine shop, electricity and welding.

Exhibits are selected from work completed throughout the year and will range from the basic junior high work through the more intricate and involved high school projects, such as entire room sets.

**"The idea behind the display,"** explained Robert Dawson, graphic arts teacher, "is to give the students in the industrial art classes a chance to display their work to the public."

The display also serves as a means of choosing projects to go to the State Fair and the National Foundation Industrial Display, which is a nationwide effort to discover possible future engineers.

**From 500 to 600 Catalina students** will be exhibiting their work in the display.

## Frosh Hi-Y Plan Anniversary Nite

Hi-Y freshmen will present "Anniversary Dance Party" tomorrow night at 8:30 in the cafeteria.

Feature of the evening will be a door prize drawing during the middle of the evening. The grand winner of this drawing will either drive or receive a ride in a Thunderbird, depending on whether or not they hold a license.

**Another highlight of the evening** is the floor show providing various types of entertainment.

Music will be supplied by records played over the intercom system according to a pre-arranged schedule. There will be a 20-minute break for requests.

The dance commemorates the completion of the first full year of the Freshman Hi-Y Club.

## Two CHS Students Homed In Germany, Saudi Arabia

By Pat Swanson

Imagine yourself living among a group of people with strange traditions and habits very unlike your own. What does it feel like to live and study in a country thousands of miles from one's home? Few of us have been so fortunate as to have this experience, but some of the students at Catalina have received the opportunity to live abroad. From them one can get a good idea about people in other country. Two such students at Catalina are Kennalee Cox and Maurice Kelly.

**Kennalee spent three years in** Germany while her father was stationed there with the army, and Maurice lived in Saudi Arabia for six years since his father was a petroleum engineer with Standard Oil of California.

Stuttgart, Germany, was "home" to Kennalee Cox from 1946 to 1949. She also lived in Heidelberg and spent a short time in Berlin. Since this was right after the war, Kennalee got a candid picture of the post-war conditions in Germany. Everything there had been bombed, food was rationed and there were crowded conditions.

**Although she attended American** schools, she learned German and had a lot of contact with the German people. The German children were very well mannered, not speaking unless spoken to. The German people were friendly and very hard working. All of the houses had gardens; they grew their own food.

While in Germany she visited many interesting places in Europe. Listed among the most interesting is Bolladam, an island in Holland where the traditional costume is still worn.

**Maurice Kelly, who lived in** Shahrn, Saudi Arabia, on the

other hand, did not have a very close contact with the people except for the janitors, and other personnel working for his family. His description of the people showed a culture similar to those existing thousands of years ago. The Arab girls were never seen without veils, if ever, and were kept in back rooms. The atmosphere there was very anti-Jewish.

**Maurice's travels took him to** Cairo, Egypt, where he rode camels, as well as other Arabic countries and parts of Europe.

Kennalee and Maurice agree on the value of their travels. They feel that their stays in foreign countries gave them a much better understanding of people in other lands. It gave them, they say, an insight to the feelings and actions of other people.
